Dr. Hardik Suthar is a dedicated Pediatric Physiotherapist and academician with over 6 years and 8 months of clinical and teaching experience. He holds a Bachelor of Physiotherapy (BPT) and a Master of Physiotherapy (MPT) with specialization in Pediatrics.

With a strong foundation in evidence-based practice, Dr. Suthar has been actively involved in teaching undergraduate and postgraduate physiotherapy students, mentoring research projects, and contributing to academic development within the discipline. His professional approach integrates clinical reasoning, research orientation, and student-centered pedagogy.

His clinical expertise spans neonatal and pediatric rehabilitation, neurodevelopmental disorders, early intervention strategies, and family-centered care approaches.

He demonstrates keen interest in outcome measurement, psychometric tool development, and advancing physiotherapy impact assessment in pediatric populations.

Dr. Suthar continues to engage in academic enrichment activities, seminars, and scholarly initiatives aimed at strengthening pediatric physiotherapy education and research standards.
